POLICIES

SERVICE CAPACITY

I am committed to quality over quantity.

Due to offering all in one bridal hair+makeup packages, I have limited capacity to do services for members of the bridal party excluding the bride.

In addition to a bridal package, I can only offer just hair services or just makeup services for the rest of the bridal party. If additional services are required, an assistant can be added in order to provide both hair & makeup services.

(1 service per person, same service for everyone in the same party if hired without an assistant)

MEDIA RELEASE

If you book, you will be featured on my social media platforms and be added to my portfolio! If you have any questions about pictures, videos, etc. being released, please let me know. Being able to post my work is a huge part of building my business. 💖
